PE and Sports Grant Action Fund 2019/2020

Grant: £17340

Total Number of Children on Roll: 144 (excluding 22 pre-nursery and nursery)

What is the Sports Premium?

The Government has provided funding of £150 million per annum since 2013 to 'provide new, substantial primary school sport funding'. The sport funding can only be spent on sport and PE provision in schools.

Sports Premium is focused on improving the quality and breadth of PE and sporting provision for all pupils. The proposal includes recommendations to develop initial teacher training and continual professional development to make a sustained impact on the quality of physical education. A priority must be to develop the teaching skills of non-specialist teachers to create dynamic and enjoyable experiences for children.

The Governors agree that the money must be used so that: all children benefit regardless of sporting ability; that the most able children are given the opportunity to compete in advanced tournaments; that staff have access to training opportunities and continued professional development; swimming is expanded in order to provide a comprehensive and high-quality service for more pupils.

The information below shows how we are spending the sports funding.

At Chesterton, we have split up the funding by the three key areas for consideration; Physical Education, Healthy Active Lifestyles and Competitive Sport. We spend the Sport Premium Grant on the following:

Impact of Sports Premium

The sport's premium was £17340
